

Monday 7 September 2020

Dear Parents and Caregivers

As mentioned in a Facebook post on Friday we are making some changes to our site restrictions and look forward to seeing families coming into the school grounds before and after school each day. Weather permitting we will also be holding outdoor assemblies which parents are welcome to attend. At this stage we are still keeping classroom access restricted, but this change will allow parents to have the opportunity for those important before and after school chats that have been missing over the last few weeks.

The Maukatere Technology centre developments continue to move forward with staffing and programmes close to being confirmed. We are excited about this opportunity for the children of Rangiora, and for our Te Matauru Primary Y7/8 students who we hope will be able to use the centre during term four.

Finally my congratulations to those parents who have been elected to our Board of Trustees, I look forward to working closely with you. Thank you to all who stood for these roles. It is really exciting to see the Board and TMP Unite take shape as we move into the final season of our school year.
